- On Numi-U, under the Welcome Module, you will find a document which tells you which group you are in.
- Contact your group each week to schedule up to 45 minutes for practice.
- Each week you will have different practice activities.
- After each session, record a brief summary for your practice log.

Module 1

- Introduce yourselves to your group and be sure to include pronoun(s)
- You are encouraged to acknowledge the traditional and ancestral Indigenous territory(ies) you are participating from
- Describe your primary motivation for taking the course and your current area/background of practice

Module 1

- Reflect on the Integrative and Transformative care model and its Guiding Principles together. Is there a time when you sought health care, or were witness to someone's health care journey, where you either received (or did not receive) care aligned with this approach? What was this like?
